

January 19, 2022

Dear Broker,

I'm writing to inform you that effective as of March 1, 2022 the contract between Brandman Health Plan and the Centers for Medicare and Medicaid Services (CMS) will be terminated by mutual agreement. This was a difficult decision and one that was not taken lightly. As such, effective immediately please do not enroll any additional beneficiaries into the Brandman Health Plan (BHP).

We appreciate the support your agency has provided to BHP during our start-up and initial operations. Unfortunately, the market conditions we have encountered such as COVID-19 have made it impossible to grow the plan as we initially envisioned.

A letter informing our members of this development and detailing their health insurance options has been mailed out. As the broker of record, we ask that you reach out to the individuals you enrolled in BHP as soon as possible to aid in their transition to another health plan or back to original Medicare. Please note that CMS has identified Humana as the appropriate PDP for members' prescription drug coverage should they take no action before February 28, 2022.

If you are unable to assist the members you enrolled in BHP to another health plan, please let us know. We would be more than happy to provide assistance. Our goal is to ensure a smooth transition for all of our members and that continuity of care is maintained.

If you have any questions or need additional information, please reach out to Maria Carreon at 818-457-7608.

Sincerely,

A handwritten signature in black ink, appearing to read "Stephen Martinez", written over a light blue horizontal line.

Stephen Martinez, Ph.D.
